GEORGE A. ADAMS

FRESHMEN WALLOP THE YOUNG MEN'S CLUB.

In the first game of the season for
the football squad of the Young Men's
Club yesterday afternoon they suffer-
ed defeat at the hands of the big,
husky freshman class team of A. and
M. College. The score was 27 to 0,
but this does not represent by any
means the hard game put up by the
defeated team. When it is considered
that the College team has been play-
ing the regular Aggie eleven for some
time every day and the team from this
city has not even had a tussle with

any one, we are of the opinion that it
was a good game. The team from the
Young Men's Club should feel much
encouraged over the outcome of this
game. The manager of the team says
he expects to match several games be-
fore the season is out and by Christ-
mas he will have a team the citizens
of Bryan will be proud of and if possi-
ble will have a big Christmas game
scheduled to be played in this city.

resemblance may cease the moment
you open your mouth.

HUNTERS, HERE'S A CHANCE TO HELP THE GOVERNMENT.

If you kill or capture a wild duck
bearing an aluminum band around
one leg, having a number on one side,
and on the other a statement request-
ing that the U. S. Department of Ag-
riculture, or the Biological Survey be
notified, you are requested to send
this band at once to the Bureau of

Biological Survey, U. S. Department
of Agriculture, Washington, D. C.
This band if accompanied by a state-
ment as to date, place, and circum-
stances under which the bird was
taken, will be of service to the sur-
vey in its efforts to determine the
longevity of individual ducks and the
routes of migration of the species.

The bands are being attached to
considerable numbers of wild ducks
of several species which have been
cured of the duck sickness prevalent
around Great Salt Lake, Utah, and
there released. The Department is
particularly anxious to secure reports
from these birds to determine their
complete recovery from this malady
which has killed hundreds of thou-
sands of ducks in Utah.
